If said player attends a match resulting in forfeit due to the other team failing to field required number of players they shall be credited for this match as long as they appear on the submitted score sheet. Article 6: Beginning the game

- A. Local play should be ended 30 minutes prior to league play on the night(s) of scheduled GKDA league play so that both the visiting and the home teams can use the boards for warming up. It is considered the home team’s responsibility to enforce this, and in keeping with good sportsmanship and hospitality, to identify the visiting teams captain and invite the team to warm up.
- B. All games must begin by throwing for the cork, with the home team having the option of first or second throw for the cork. Decision of the winner must be made from the distance of the entrance point of the dart in the board to the cork without touching or straightening the dart. Re-throws shall be called for if the throwers cannot decide which dart is closer to the cork or if both darts are anywhere in the inner bull or both darts are anywhere in the outer bull.
- C. The second thrower may acknowledge the first dart as an inner or outer bull and ask the dart be removed before throwing.
- D. Should there be a need for a re-throw of cork, the person throwing second on the first cork attempt now throws with additional re-throws being made on an alternate basis until there is a winner.
- E. The dart must remain in the board in order to count. Additional throws may be made (only when throwing for the cork) until such time that the player’s dart remains in the board. Should the second thrower dislodge the dart of the first thrower, a re-throw will be made with the second thrower now throwing first.
- F. Visiting teams must write down their players for the first set of matches first, and then the home team matches them up. The process is repeated for each set until the match is completed.

 - 4. A thrower can ask the scorer the number of points left (for their out) after each throw.

- C. Infringements of the oche (toe line) will be brought to the attention of the throwers captain the first time as a courtesy. If subsequent violations continue, and are called, the dart thrown will NOT count.
